

SWAC

SOUTHERN INDIANA

The **Southern Indiana Storm Water Advisory Committee (SISWAC)** will be presenting a meeting with local community leaders and Reggie Korthals, MS4 Program Coordinator from the Indiana Department of Environmental Management (IDEM). The focus on this meeting will be to familiarize newly elected officials and board members with Rule 13: Municipal Separate Storm Sewer System (MS4) rules and regulations and to show the individuals who may already be familiar with this program in which direction it is headed.

The program should last approximately one hour with a question and answer session immediately following it. Following this meeting the SISWAC will hold its scheduled quarterly meeting. Guests are encouraged to attend as these meetings are open to the public. Please RSVP the total number of expected attendees. Refreshments will be available.
