

Road Improvement Notice

Dear Resident

The County will be performing preventive maintenance to the roads in your neighborhood starting Tuesday, May 24. This process is a preventive fog sealant which will be applied to the County roads within your neighborhood. The contractor for the application is MAC Construction.

The process will be applied in the evening hours starting at approximately 9PM. Access will be limited during this time period due to the sealant needing time to dry. You will be able to access your homes, however, due to the process entering or leaving an area after application has been done. Please contact them regarding access prior to entering or leaving to allow for their assistance.

Contractor Contact Information:

Our onsite contact will be Bobby Fraley – 502-338-4170

Alternate contact Kris Bernens – 502-572-6464

After the application of the fog sealant, the contractor will return in a few days to finalize the process by sealing any visible cracks in the pavement. This will be done in the daytime hours.

If you have any questions regarding the application, please call the County Commissioners Office, (812) 948.5466 or access our website at www.floydcounty.in.gov
