To Whom It May Concern:

This is a letter to request that stop signs be placed at the intersection of Old Vincennes and Buttontown Road, in turn making this a three-way stop. I had a conversation regarding this matter with Mr. Gordon Martin and he suggested sending this letter.

The driveway to my home is directly across from this intersection. It is very common for me to return to my home via Old Vincennes Road. Due to the cemetery that sits on the hillside on the left, my view of oncoming traffic is blocked, making it extremely difficult for me to safely pull straight across Buttontown Road and into my driveway. (You just have to pull up as far as you can look both ways, gun it and hope for the best.) Anyone coming to this intersection to turn left or right must take their chances. I am afraid, not only for myself, but also for others using this route of being hit by the drivers that use excessive speed through this area.

I have spoken with several of my neighbors including Dennis Konkle regarding this matter and they have agreed that it would be good to make the intersection a three-way stop.

If you wish to discuss this problem in greater detail, please contact me at one of the numbers below. I really appreciate your serious consideration of my request.
